DaProSystems Awarded Contract to Supply Field Reporting

DaProSystems Awarded Contract from Northampton County to Supply Turnkey Field Reporting Solution

Northampton County Sheriff's Office to enable DaProSystems Field Reporting Capabilities on Ruggedized Laptop Equipment.

Roanoke, VA – August 30, 2006 - DaProSystems, Inc., a leader in Public Safety Software and Professional Services, announced today that it has been awarded a contract from Northampton County to supply a turnkey field reporting solution for the Sheriff's Office.

The Northampton County Sheriff's Office has been a DaProSystems client for several years following DaProSystems acquisition of their previous CAD/RMS vendor, United Systems Solutions. The Sheriff's Office utilizes DaProSystems Computer Aided Dispatch, Records Management, Jail Management, State/NCIC interface, and Civil Process Software. The County is experiencing tremendous growth and is located on Virginia's Eastern Shore within the Hampton Roads Metropolitan Service area. The County's purchase of DaProSystems Field Reporting Solution will enable the agency to collect information in the field increasing officer productivity and efficiency. DaProSystems will be coupling its software with state-of-the-art Panasonic Toughbook ruggedized notebooks.

According to Sheriff Jack Robbins, Jr., "DaProSystems Field Reporting System are a logical upgrade to our existing systems and will serve as a stepping stone for our long term goal of deploying full wireless mobile data terminals. DaProSystems has done an excellent job of supporting our Public Safety Systems and we look forward to working with them on this project."

"DaProSystems is proud to continue to work with Northampton County as they expand their Public Safety System capabilities. No two Public Safety Agencies are alike so our solutions are designed to be scalable and configurable to support any agency's operational and growth requirements" stated Jeff Lewis, DaProSystems' Manager of Sales & Marketing.
