DaProSystems Awarded Contract to Supply Mobile Data System

### **DaProSystems Awarded Contract from Patrick County Sheriff's Office to Supply Mobile Data System**

*The County of Patrick, Virginia has awarded a contract to DaProSystems and its partner, BIO-key International to expand its local system to include a comprehensive mobile data and field reporting system solution for the Sheriff's Office.*

**Roanoke, VA – January 30, 2008** - DaProSystems, Inc., a leading provider of Public Safety Software and Professional Services, announced today that it has been awarded a contract from the Patrick County Sheriff's Office to supply an integrated Mobile Data and Field Reporting System.

The Sheriff's Office has been a DaProSystems client since 2004, following DaProSystems acquisition of competitor United Systems Solutions. The Sheriff's Office utilizes DaProSystems Computer Aided Dispatch, Records Management, Jail Management, Civil Process and Crime Analysis Software. The County's purchase of DaProSystems Mobile Data System software will provide data services for essential public safety information for officers on patrol while allowing them to complete reporting requirements in the field.

DaProSystems, and its primary project partner, BIO-key International will provide the Mobile FR Field Reporting System and MobileCop wireless mobile data system software for enabled Sheriff's Office vehicles. The systems will allow deputies access to State/NCIC databases, local records information, CAD transactions, and messaging features along with Incident Reporting and Field Interview data collection capabilities. DaProSystems will also be providing project hardware and equipment including a Dell file server, Panasonic Toughbook notebooks and Gamber Johnson mounting supplies. Data services will be provided by DataRadio through their local supplier, GCS Communications.

Upon the completion of the project, the Patrick County Sheriff's Office will enable Mobile Data System capabilities for all of its patrol and investigation units.

## **About DaProSystems**
